Opening Reception
November 9, 2024
4-7PM

Open Saturdays
11am-5pm

35 Pleasant Street
Concord NH 03301

Outer Space is an artist-run gallery in downtown Concord that presents two person exhibitions in a domestic setting.

Cook often combines dark paintings on canvas with abrupt insertions of walnut sticks, textural variations, and intriguing thematic ventures that are inspired by rural American West landscapes and the broad discourses surrounding identity, history, environment, and erasure. Kettner's installations feature sculptures, tapestries, and drawings that detail the ingenuity of people with disabilities.
